Rodney Howard-Browne: 'What We Have Seen Is a Coup d'Etat'

First, election corruption. Then, using President Donald J. Trump as the scapegoat. Now, Democrats are urging the vice president to remove him from office using the Constitution's 25th Amendment.

Rodney Howard-Browne, pastor of The River in Tampa, Florida, spoke with Charisma Media CEO Stephen Strang Thursday of the unfolding events impacting the nation's leadership and legislative trajectory. He considers many of America's lawmakers "puppets of a globalist system that's going to take down America."

"First of all, this is a communist takeover of America, whether people realize that or not," Howard-Browne says. "If you think the problem in Washington is Republican or Democrat, then you're on the wrong side, and you don't even know what's happening."

Stephen Strang: 'Regardless of the Election Outcome, God Has Plans and Purposes We Don't Understand'

As you probably know, I've not only written four books about President Donald Trump, but I've also been an unabashed Trump supporter for several years now. Now that the Senate has confirmed Joe Biden as the next president of the United States, I want to share my personal thoughts on the prophecies about President Trump and how Charisma Media will cover this going forward.

My first book, *God and Donald Trump*, was really about his miraculous win and how different Christian leaders, many of whom I know personally and had written about and reported on in *Charisma* magazine, had said God had raised up this very unlikely leader. If you've read the book, you know I actually attended the victory party in New York City the night of the 2016 election. And even though in the natural, everybody said Trump would never win, I just thought, *Well, the prophets prophesied*, and I believed he would do it.

*God and Donald Trump* is still a good read. In some ways, it may even be the best of the four. It was successful enough that I wrote a sequel, *Trump Aftershock*.

The Lord Revealed America's Future to Chuck Pierce in 2018

In 2018, the Lord revealed to Chuck Pierce the direction of America in 2021.

He was speaking at a rally in Chattanooga, Tennessee, when the Lord told him America would "be in a swamp until Jan. 18, 2021."

Pierce joins Sid Roth on a recent episode of *It's Supernatural!* to discuss just what that means and why Pierce believes the greatest move of the Holy Spirit believers have ever experienced is required for America to "fully recover" from its current state. {eo}
