Prophetic Encounter at Pearl Harbor Inspires Urgent Global Call to Purim Prayer

Is the world moving into global war? This prospect became very real to Jolene and me during a long-planned ministry trip to Hawaii last week.

The day after we arrived, we felt strongly impressed to pray at Pearl Harbor with a small team covering our journey. The Lord encountered us profoundly there, giving us a clear prophetic warning as well as surprising hope for what's ahead.

Finally, during this encounter at Pearl Harbor, the Lord showed us to issue a global call to Purim Prayer. As with Queen Esther when her people were faced with an existential threat, we can see a turnaround. The Haman spirit can be exposed and restrained. And as in Esther's day, the Lord is calling us to pray accordingly!

'This Is Wartime': Cindy Jacobs Issues Urgent Call to Prayer on March 16 and Beyond

Hello, welcome to this special edition of *Shields Up*. Normally we send something out in writing, but in light of the very, very serious condition in the world, I felt that I needed to just talk to you, especially I'm talking to the intercessors of the world. Those who have read my book *Possessing the Gates of the Enemy*, if you have not read it in a while, I'll

encourage you, please read it again, because this is a time for war.

In the last couple of weeks, everything has changed. I don't need to tell you that; I'm sure you are aware of that. And what is going on in Ukraine and with Russia is affecting the whole world and potentially a World War III, which many prophets have prophesied in our prophetic datelines that we share on live on Facebook and Instagram. You will see that we have been giving warnings. If you do not listen to those on Thursdays 3:00 Central Time, I encourage you to do so because we are giving you spiritual intelligence, what the prophets are saying.

I've been asking the Lord, "What is happening?" Now, we could go into many geopolitical things. There's a lot of finger-pointing going on right now. I receive things from all over the world saying, "I'm for Ukraine; I'm for Russia." There are certainly atrocities going on you in Ukraine right now: people are grieved, Ukrainians are dying, Russians are dying.

How Ukraine's 1994 Judgment Lapse Mirrors American Church's Failure

On January 10, 1994, President Bill Clinton announced the United States agreement with Ukraine and Russia to dismantle Ukraine's entire nuclear arsenal, hailing the long-sought accord as "a hopeful and historic breakthrough that enhances the security of all three participants."

The United States, Russia and Britain then committed "to respect the independence and sovereignty and the existing borders of Ukraine" and "to refrain from the threat or use of force" against the country. Those assurances played a key role in persuading the Ukrainian government in Kyiv to give up what amounted to the world's third-largest nuclear arsenal, consisting of some 1,900 strategic nuclear warheads.

Doubling down on that wide-eyed blunder, Ukrainian officials

then colluded in 2016 with the Hillary Clinton presidential campaign to smear Donald Trump as a Russian stooge, demonstrating again the massive miscalculation that a Democratic administration would provide better protection against Vladimir Putin's Russia. {eo}
