BREAKING: Voice of Evangelism Board Stands With Perry Stone Against Continued Allegations of Misconduct

Perry Stone remains the subject of controversy, but the board of his Voice of Evangelism/Perry Stone Ministries has taken a clear stand in favor of the beleaguered evangelist through the release of a statement of support.

This statement comes in response to a March 31 article in the *Chattanooga Times Free Press*, which claims the Tennessee Bureau of Investigation is "looking into" Stone and "has interviewed at least five people who claim to be victims or who are connected to Stone's ministry" regarding allegations of sexual harassment and assault.

In August 2020, Stone was placed on a mandatory "sabbatical for rest and restoration," citing serious health concerns "related to spiritual and physical burnout" including dangerously high blood pressure, as reported by Charisma News. At the time, VOE media relations spokesperson John Rodriguez also said "a couple" employees at VOE had met with the board to address concerns of "inappropriate words and actions" on Stone's part.

A Prophetic Vision of Spiders Coming Out of Russia

I had a vision of spiders crawling out of Russia and into Europe. This was a startling vision. The spiders I saw were

gigantic and fast moving.

As Europe moves closer and closer to the edge of war, some intercessors are growing weary while others are growing bolder. Some are just waking up.

It's only the hand of God that's holding back Russia's massive army from completely annihilating Ukraine. Although we're seeing terror unfold before our eyes, God never promised there wouldn't be lives lost if we prayed. God charged us to pray without ceasing. And many are.

Christian Conservatives, Here's Why You Cannot Put Your Trust in Fox News

For those who have watched Fox News over the years, it is no surprise that they announced the hiring of Bruce "Caitlyn" Jenner with great fanfare and hype. In the words of CEO Suzanne Scott, "Caitlyn's story is an inspiration to us all. She is a trailblazer in the LGBTQ+ community and her illustrious career spans a variety of fields that will be a tremendous asset for our audience."

Perhaps these words could be used as an epitaph on Fox's legacy? Mark the day carefully.

All the talking points are in order in Scott's short, effusive statement: Jenner's transition from Bruce to Caitlyn is "an inspiration to us all." This famous biological male is "she." And LGBTQ+ activism is something to celebrate. You go, girl! {eoa}
