

Did Nigerian Pastor's Prophecy Predict Malaysian Airliner Disappearance?

The mystery surrounding Malaysia Airlines Flight MH370 continues a week after its disappearance. African television outlet Emmanuel TV is claiming that its founder, Nigerian pastor T.B. Joshua, prophesied the event in a sermon last year.

The video was uploaded Saturday by the network with the following description: "On Sunday, the 28th July, 2013, Prophet T.B. Joshua gave a prophetic message concerning an Asian nation—warning them of an incident, involving a large aircraft, carrying over 200 people, developing a fault soon after take off. He subsequently prayed for the nation."
