

Headlines Surrounding Donald Trump Tied to Ancient Middle East Paradigm of 3,000 Years Ago

Donald Trump is no wallflower. He's never had a problem attracting attention or making headlines, whether as a business tycoon, media mogul, presidential candidate or leader of the free world.

But few might make the connection that Trump's presidential run, his meteoric rise or his unexpected journey to the White House is tied to an ancient Middle East paradigm from 3,000 years ago.

In his new book, *The Paradigm: The Ancient Blueprint That Holds the Mystery of Our Times* ()—out for less than a month but debuting in the top five of *The New York Times* and *Wall Street Journal* book charts—best-selling author Jonathan Cahn reveals a mystery that still has many in wonderment: Donald Trump's rise to power.

The Paradigm not only reveals the mystery behind Trump, but how ancient writings parallel many occurrences of today, including how the billionaire would beat Hillary Clinton, how he would light a fire under believers and Christians leaders and how his policies would help pull America from the very dismal place the country was headed—spiritually, economically and culturally.

“Almost no analyst saw it coming,” Cahn said. “President Trump's rise to power has mystified almost every observer. He has defied all explanations. But is the mystery behind Donald Trump revealed in an ancient blueprint? The answer is a definite ‘yes.’ A nearly 3,000-year-old Middle Eastern

template reveals the phenomenon of Donald Trump in such detail, that it even speaks of his strategy, his actions, his personality and his race to the nation's highest position. The ancient blueprint also details his campaign against the nation's former first lady, and even pinpoints the year of his victory and ascent to power. Beyond the details, *The Paradigm* reveals the mystery behind the man and the reason for that ascent to power."

The Paradigm, which topped all the major best-seller lists, reveals a newly uncovered master blueprint and ancient template that foretells many events of modern history. *The Paradigm* also removes the veil behind the leaders, governments, events and scandals of modern times. Its disclosures are so detailed and its revelations so precise that it even speaks of events before they happen. The book will undoubtedly anger some but will amaze and stun many others with its discoveries.

Cahn, who caused a stir throughout America and the globe with the release of his instant *New York Times* best-seller *The Harbinger*, which sold over 2 million copies, followed that earth-shattering work with *The Mystery of the Shemitah* and *The Book of Mysteries*, also *New York Times* best-sellers. In fact, the mysteries of the immensely popular *The Harbinger* continue and are intertwined with the mysteries of *The Paradigm*.

The Paradigm also addresses these powerful questions:

- Could events that transpired almost 3,000 years ago be determining the news of modern times, and with it, the issues of our lives?
- Is it possible that an ancient mystery, a paradigm from almost 3,000 years ago, reveals and determines not only the American presidency, but also the timing of current events—in some cases even down to the exact dates?
- Could the ancient paradigm have pinpointed the exact date of 9/11 before anyone had any idea? Could it have

determined the exact years of Bill Clinton, Barack Obama, Hillary Clinton, Osama bin Laden, Donald Trump and others?

- And what does the ancient paradigm say about what is yet to come—our future? Could it even contain a warning critical for this hour and crucial for all to hear?
