

How Ex-Muslim Nabeel Qureshi Drastically Impacted Some of the Greatest Christian Leaders in This Generation

Muslim-turned-Christian Nabeel Qureshi proclaimed Jesus until his dying breath. The popular author and speaker died over the weekend, leaving a hole in the Christian community.

Qureshi continually pleaded with those who followed him on social media to intercede for his healing. He conducted video blogs from his hospital bed up until his death.

In the wake of his death, here's how his friends remember the evangelist.
