

How North Korea and the US Could Be the War of the Second Seal

The potential war between the United States and North Korea could fulfill the Revelation 6 prophecy of the second seal, author John Shorey says.

John writes:

When He opened the second seal, I heard the second living creature say, "Come and see." Then another horse that was red went forth. Power was given to him who sat on it to take peace from the earth, causing people to kill one another. Then a great sword was given to him (Rev. 6:3-4).

Shorey says there are specific reasons why war with North Korea would fall into this prophecy as opposed to other end-times predictions.

"I believe a possible war with Korea could so easily turn into the war of the second seal where one quarter of the earth will be involved in this war, which means it's not going to be all-out global war. It's going to be limited."
