

'If America Does Not Support Israel, It Will Pay a Price'

Gen. Jerry Boykin (U.S. Army Ret.) doesn't pull any punches when he speaks about Israel these days. Either America stands with Israel in these end times or there will be certain retribution.

"If America does not support Israel, it will pay a price," Boykin said on a recent edition of Rick Joyner's program. "Israel has become more and more isolated, including by America. I see anti-Semitism all over the world, and people are finding more and more reasons to be critical of Israel.

"But make know mistake about it. God is setting us up for the events of Revelation and Ezekiel 38 and 39."

Boykin says the setup is evident from the move of the Holy Spirit that is happening in Israel right now.

"We are seeing more and more Jews being completed and fulfilled," Boykin said. "I don't call them Messianic, I call them completed because they are now recognizing that their Messiah has come. You also have a movement of the enemy trying to suppress that, trying to stop what's happening there."
