

Is AI Fulfilling This Kim Clement Prophecy?

With the new additions of Stargate-AI and the Chinese artificial intelligence service DeepSeek, is it possible that a decades-old Kim Clement prophecy on the advancement of technology is being fulfilled today?

Breaking News. Spirit-Filled Stories. Subscribe to Charisma on YouTube now!

Back in 2008, Clement prophesied that a “new system would be coming,” and that this technological system would work incredibly fast.

“A new system is coming,” says the Spirit. “A computer with lightning-fast, ‘ludicrous’ speed that will reach every being on earth.” Explore Kim Clement’s prophetic words and their connection to today’s advancements....

– Kim Clement-Prophetic Rewind (@prophetkim) January 27, 2025

“It’s a whole new system that is being raised up, says the Spirit,” Clement prophesied. “A whole brand- new computer that has a speed greater than lightning. This computer and this whole technology shall reach the entire earth. Every being on the face of the earth shall be reached by this ludicrous, they call it ludicrous speed.”

With the launch of the Stargate Project, which will work in

collaboration between SoftBank, Oracle and OpenAI together, we could be in for some massive changes in the AI industry. Along with Stargate, China's new AI company, DeepSeek, is sending the American stock market into a frenzy, its platform having new and innovative techniques that will continue to change everything for the technology industry.

During these changing times and patterns, Christians need to use wisdom and discernment in how they utilize technology, and with how they invest in it.
