Recently, a Palestinian official claimed that Israel is actually behind this present wave of terror and that Israelis are planting knives next to dead Palestinians to frame them. In this short video, Messiah's Mandate's Ron Cantor debunks this allegation.

"I actually laughed out loud when I read the headline in the *Jerusalem Post*," Cantor said. "But it really is no laughing matter at all."

Islamic terrorism against Jews in Israel has resulted in 21 deaths and more than 200 injuries to date. {eo}
