

Jonathan Cahn Reveals the Mystery Behind the Trump Assassination Attempt

In his most recent prophetic message, Jonathan Cahn revealed the ancient mystery behind the assassination attempt on Donald Trump. Discussing the unique priestly ordination ceremony found in Leviticus 8, we see Aaron and his sons being consecrated for ministry. It is in this passage of Scripture where we just may find the answers to the mystery behind the Trump assassination attempt.

"It is written that the Lord said to Moses, 'take the ram of consecration,'" Cahn says, "And so Moses took some of its he put it on tanuk, the tip, of the ear of Aaron the priest and his right ear. He took some of the blood, put it on the tip of the right ear of Aaron."

While what happened to Trump is quite different than a ceremony for becoming a priest in the Old Testament, there are some striking parallels between what is recorded in the Bible and the assassination attempt on Trump's life.

The tip of Trump's right ear was bloodied, just as Scripture notes about the priestly consecration ceremony which also mentions blood on the right thumb and the big toe of the right foot. Cahn points out that Trump raised his right hand, and specifically his right thumb to his ear.

"He raises the thumb and his hand to the blood of his ear which he said was gushing all out," Cahn says. "Undoubtedly now it wasn't just his ear that was touched with blood, but

his right hand. And the first thing that goes to it is the thumb of his right hand.”

“The blood goes onto the priest’s right foot,” Cahn continues. “Now, there’s no way this could happen as Trump had shoes on, but something happened. As Trump goes down, his shoes are would’ve dripped on the stage. Without shoes, stepping on the place where the blood had dripped, the blood could now touch his feet even through his socks.”

Cahn points out that the consecration of the priest happens in this specific order: ear, thumb and the toe of the right foot. It was in this same order that the blood would’ve flowed over Trump when the bullet hit him.

Cahn further points out what he believes could be significant about the location where the assassination attempt took place. While most of us have just glazed over the name of Butler, Pennsylvania, Cahn says there is much more to this than meets the eye.

“The word butler comes from the old French word, bouteillier, the cupbearer,” Cahn says. “The cupbearer is a biblical word.”

Cahn mentions how the cupbearer comes up in the Old Testament story of Joseph.

“In the original King James Bible, Joseph interprets the dream of the one he calls the butler, but it really means the cupbearer,” Cahn says. “But what is the cupbearer in the Bible? The cupbearer was connected to a king or than any other reason the cupbearer was there in the event of an

assassination attempt on the king or ruler. He was there to prevent an assassination attempt.”

These fascinating mysteries that are connected to the assassination attempt on Trump’s life are as Cahn points out, potentially a call for Trump to turn toward the Lord to discover God’s plan and purpose for his life.

“Only God can save America,” Cahn says. “Only by revival can America be saved and that could only come about by the true high priest, the one who offered His own life as a sacrifice and whose blood came down His head on the cross undoubtedly to His ears and His hands and His feet as He died on the cross as the high priest offering up the sacrifice. The one our true high priest, Messiah Yeshua, Jesus, the only hope for anyone, the only hope of America.”
