

Praise Him in the Dance

My trip to Israel in early spring was life changing. It was educational but most importantly spiritual. Yes, I “walked where Jesus walked” and peered into the Garden Tomb, but I also worshiped Him in song and dance. The music was unfamiliar to me, and I didn’t know any of the choreography. But the Holy Spirit’s presence was evident in the prayer and praises the locals and I offered up to Yeshua. Want to praise Him Messianic style? Click below to watch a Jewish dance.
