A Kenyan pastor claims he found Jesus Christ on the street and invited him to speak at his church, according to a Twitter user.

A Kenyan pastor claims he has found Jesus Christ walking on the streets of Kenya. Took the whiteman to his church, gave him a warm welcome and now his church followers are happy that Jesus has finally come back!

And lucky for them he landed in Kenya first. ☞☞

Photos of this “Jesus” reveal a white man dressed in biblical-style clothes.

According to reports, the pastor’s goal in having this man preach was to expose common unbiblical views of Jesus that come from Western depictions.

Another Twitter user claims he saw a similarly dressed white Jesus parading the streets in South Africa:
