

Megachurch Pastor Kirbyjon Caldwell Announces He Has Prostate Cancer

Kirbyjon Caldwell announced he has stage 1 prostate cancer.

The pastor of Windsor Village United Methodist Church and spiritual adviser to former President George W. Bush made the announcement in a Facebook video.

“I wanted to tell you myself before you heard it from someplace else, so you’d know what’s going on,” he said.

“I will die from something as we all will someday, but it won’t be, or ought not to be, from prostate cancer,” he said.

Watch the video to see his full announcement.
