Coming Oct. 12: Solemn Assembly at DC National Mall

People across the U.S. and abroad are preparing to journey to the National Mall in Washington, D.C., for the "A Million Women" solemn assembly on Saturday, Oct. 12.

For those who are unable to unite in person, the prayer, fasting and repentance assembly will be livestreamed through and other social media platforms. Individuals and ministries are forming watch parties in homes and churches nationwide and globally.

Lou Engle, president of Lou Engle Ministries, says, "When there is no hope for a nation, when there is no remedy, God still has a holy prescription. Blow the trumpet in Zion, consecrate the assembly and call the fast! America is in a Joel 2 crisis."

Very Strange Things Are Happening in the Sky

OK, this is starting to get really weird.

At the same time that the Middle East is erupting in flames, the U.S. is being pummeled by major natural disasters and we are preparing for the most pivotal election in modern history, extremely unusual things are happening in the heavens. The "Comet of the Century" is making a spectacular run past our planet, the sun has unleashed an extremely powerful coronal

mass ejection, a “second Moon” is now orbiting our world, and it is being suggested that we are witnessing an “intriguing alignment of constellations and stars” that appears to relate to events written in the book of Revelation. Are we really supposed to believe that it is just a “coincidence” that all of these things are occurring simultaneously?

According to ABC News, Comet Tsuchinshan-Atlas will be closest to our planet on Saturday, Oct. 12.

Jonathan Cahn posted a special announcement earlier this week on YouTube.

“We are standing at a most critical moment in our nation’s history,” Cahn says. “At a crossroads of life or death. In less than a month there’s going to be an election that’s going to determine America’s future and without revival, America is lost.”
