Kim Clement's Two-Term Trump Prophecies Fulfilled

Kim Clement's accurate prophecies regarding Donald Trump as a two-term president have been fulfilled following the Nov. 5, 2024 election results.

Back in 2007, Clement prophesied about the rise of Donald Trump to the presidency, and even more, that he would be a two-term president. Now that Trump has won the 2024 election, this prophecy has been fulfilled.

"There will be a praying president, not a religious one. For I will fool the people, says the Lord. I will fool the people, yes I will," Clement prophesied. "God says, the one that is chosen shall go in and they shall say, 'He has hot blood.' For the Spirit of God says, 'Yes, he may have hot blood, but he will bring the walls of protection on this country in a greater way, and the economy of this country shall change rapidly,' says the Lord of hosts."

Trump Victory Party Erupts in Praise and Worship Session

At around 3:00 a.m. this morning, the Trump victory party concluded the evening with something incredibly powerful: a praise and worship session.

On X, a video circulated of people singing "How Great Thou Art" after Trump's victory speech.

"Witnessing this as I left the Trump victory party moved me to tears," journalist Lisa Boothe wrote on X. "These people have been slandered and demeaned. They are good people. Patriots of all backgrounds who love this country and came together to make it great again."

10 Shocking Results From Donald Trump's Historic Victory

I am absolutely stunned by what I just witnessed. After everything that has transpired over the past eight years, he is back. Donald Trump has capped the greatest political comeback in U.S. history by winning the 2024 presidential election.

We were told that the polls were very tight and that it would be a very close election, but that wasn't the case at all. The votes were counted much more quickly this time around, the election was decided in less than 24 hours, and I think that was a good thing for the country. Of course that doesn't mean that the days ahead will be smooth. There will likely be much turmoil, and that will be extremely unfortunate. But at least for this moment, we can hope that leaders on both sides will try to bring us together and unify the country.

I really wish that Kamala Harris would have conceded immediately. It was the right thing to do, and I think that she will regret putting it off. But as I told my readers ahead of time, I had a really hard time imagining her actually conceding on election night. She fully expected to win, and now she must be absolutely devastated.
