Tucker Carlson's Testimony: 'I Was Mauled by a Demon'

In a clip for the upcoming film, "Christianities," conservative commentator Tucker Carlson revealed that he was physically attacked by a demon one night while he was sound asleep.

"Do you think the presence of evil is kick-starting people to wonder about the good?" filmmaker Scooter Downey asks Carlson.

"That's what happened to me," Carlson says. "I had a direct experience with it."

Do You Know the Real History of Halloween?

Most people gleefully celebrate Halloween without ever thinking about how it originated or what our Halloween traditions really mean. They just assume that it must be okay since almost everyone else is doing it.

Today, Halloween is celebrated all over the world, but that hasn't always been the case. In fact, there was a time when most Americans did not celebrate it. It was only during the 20th century that it actually became a nationwide holiday that was celebrated on a widespread basis, and only within the past few decades has it really taken off as a truly global holiday.

To find the original roots of Halloween, one must go back approximately 2,000 years to the ancient Celtic festival of Samhain.
