

Nephilim, Vampires and King Charles: A Royal Connection Unveiled

Is there an unusual connection between King Charles, the Nephilim and a famous vampire?

In a recent video with Taylor Welch from the Deep End YouTube channel, Christian writer Gary Wayne explained the strange and terrifying connections between King Charles, the Nephilim, vampires and the terrifying plan behind the Nazi regime to bring about a superhuman.

“If you look at Hans Harberger, he’s one of the spiritual sort of mentors and theorists for the whole Nazi regime, and he’s really taken in under the arms of the Nazis because he wrote a book that basically traces the genealogy back to giants from the German race,” says Wayne.

Wayne notes that typically the Nazis would refer to themselves as Aryans, which supposedly descended from giants, particularly Indo-Aryans, a term frequently used in secular and Gnostic literature. Wayne says the Nazis embraced this, associating traits like blond hair, blue eyes, red hair and hazel eyes with the mythical giants. They also believed these giants originated from an Atlantis-like civilization, which mythology often describes as a source of superior beings.

This value placed on lineage tracing and to find Nephilim roots was not unique to the Nazis, however. In fact, royals

such as King Charles have boasted about their grave family history.

“King Charles, for example, formerly Prince Charles, he’s on record as talking about descending the Impaler out of the Romanian Transylvania region,” says Wayne. “And that’s interesting because he has those genealogies that go back through the Hanover Dynasty; they changed their names from Hanover to Windsor in World War I. And it goes back to the individual that Dracula, meaning son of a dragon or a seraphim is named after.”

While these connections between Nephilim, a king’s ancestry and Dracula may seem far-fetched to some, they highlight a spiritual narrative that has persisted for centuries, which Wayne points out as important to the ultimate mind-set and drive behind what cult groups like the Nazis believe and how they operate.

“They take their genealogies and are trying to recreate the super man, which is a superhero, and heroes were giants in Greek mythology,” says Wayne.

This is a reminder to us as Christians that we must hold tight to the truth of Scripture and biblical discernment to combat deception, fixing our eyes on Jesus at all times.
