

Numbers 14 Biblical Pillar Shields Israel From the Islamic State

A cloud of dust and rain, just as described in Numbers 14, appeared recently to shield Israel from the Islamic State.

“A weather phenomenon occurred at 8 a.m. Thursday on the other side of the Syrian border, in the same place where ISIS attacked Israel,” Israel News Online posted to their Facebook page. “This strange storm of what appears to be dust, cloud and rain did not cross the border fence into Israel. It sat like a barrier between ISIS and Israel.”

Many commenters proclaimed, “That’s God!”
