

Pastor Calls America to Repent for 12 Specific Sins

In order for God to heal our land, Steven Andrew is asking everyone in the USA to repent of national sins from now to May 5, 2016, which is the National Day of Prayer. "We see God's judgment on our nation with terrorism, financial dangers and environmental issues," Andrew said. He is pastor of USA Christian Church and author of "God's Plan for the USA."

"It is urgent that we get our hearts right with God so our country is safe, better jobs are restored and God gives us the best political leaders," Andrew said.

Participants are repenting with a prayer that Andrew wrote, a checklist of 12 national sins. He believes these sins have caused the nation's financial, moral and family troubles.

The repentance prayer includes sins from false gods to serving money, and from unholy laws to adultery, fornication and homosexuality. Each person is asked to repent of their personal sins. The prayer can be downloaded on the pastor's Two Months of National Repentance web page.

Those repenting are asked to join "One Million Americans on the LORD's Side," a group Andrew has started to save the USA.

Andrew gives proof that God's advanced judgment is already on the USA and things could get much worse without repentance in "God's Plan for the USA." He provides Seven Bible Truths that God says will save the USA. He wrote "God's Plan for the USA" to be a step-by-step tool for the National Day of Prayer.

Families are encouraged to go through each repentance area during family devotional times. "National repentance will strengthen each home and help children walk close with God. Marriages will be saved," Andrew said.

Pastors are asked to teach the 12 repentance points between now and the National Day of Prayer. There is a free bulletin insert that makes it easy for churches to participate.

“Jesus Christ died on the cross, so God wants to forgive us. But we must confess our sins,” he said.

Teaching videos are being added next week to show why these sins affect our nation so much.

Andrew is running national advertising campaigns to get the word out to as many people and churches as possible; he also will have a national repentance broadcast for the National Day of Prayer Revival Force on May 5, 2016.

“Humbling ourselves and following God is top priority for the nation,” Andrew said.
