

Plane Crashes into Church Parking Lot, Killing Pilot

A small plane crashed into a Minnesota church parking lot Wednesday, killing the pilot.

The plane crashed into the parking lot at Resurrection Life Church in Eden Prairie, shocking church neighbors.

“That’s the worst thing to think, so I didn’t,” neighbor Roxanne Neuharth says. “We’re right in the flight path of the airport.”

She continued: “It just disappeared. I didn’t know what happened. It could’ve been my house. Like I said, they go over every morning and it’s a lot of neighbors there.”

The pilot’s name has not been released. The cause of the crash is still under investigation.
