

A New Year's Prayer for Zion and the Nations

Prayer is one of the most valuable weapons of spiritual warfare. When we slip to our knees to communicate with God, He spiritually transforms our hearts and we send out prayers that can effect change in Israel and other hot spots around the world. The Bible says we "ought to always pray" and never let up (Luke 18:1). Ask the Holy Spirit to empower you with a passion for prayer and watch Him bless you, Zion and the nations in 2010.
