

Praying for Peace on 12-12-12

(Reuters/Yuriko Nakao)

Dec. 12, 2012 (12-12-12) has been dubbed a “World Day of Interconnectedness.” Events are planned around the world to celebrate the occasion, which marks the last day in this century where the numeral date appears with the same numbers. In this photo, people pray for peace at 12:12:12 on Wednesday at an event called “Light Meeting” in Tama, west of Tokyo.
