

Prophecy: Trump, Biden and China

What do the prophetic voices have to say about Donald Trump, Joe Biden and China?

In a recent video, Tomi Arayomi gave a prophetic word on what the Lord has shown him regarding Donald Trump, Joe Biden and the future of China.

Back on Jan. 30, 2020, Arayomi had a vision where the Lord took him by the spirit to Delaware. At the time, he had not moved to America and had never been to Delaware, nor did Arayomi even know where that was. Little did he know that this was the home of Joe Biden.

“I saw the hand of God upon its schooling systems, upon its government sectors, and then I saw the hand of God moving forward to open up books and accounts that were sealed,” Arayomi prophesied back in 2020.

“Isn’t that amazing? The classified documents that I saw all the way in London were exposed later on in Delaware when he became president in his Delaware house,” says Arayomi.

Another prophetic moment that Arayomi had was when the Holy Spirit showed him a room inside the Pentagon where he saw some shocking news.

“He said, ‘Take a look at this document.’ And I folded over the document and it was 2025. China invades Taiwan,” Arayomi recounts.

Just as the Lord gave Arayomi divine insight into what was

going to happen regarding Biden's documents and a future invasion of Taiwan from China, He also spoke to Arayomi about Donald Trump.

"Two things the Lord told me as clear as day: President Trump must be the next president, number one because America and the world needs a wartime president, and number two, America you are in danger, and you were on the precipice of becoming like Kamala won this election, you would have been a third world country whether you liked it or not," Arayomi says.
