

Prophetic Vision: 'I Am Breathing Upon the USA'

The same voice that created us is breathing upon our nation. He is speaking, declaring life over us.

He is breathing a fresh wind upon our nation. Watch for unusual winds as a sign of His breath that brings life, life to us and to the USA. During prayer today, I saw a United States flag blowing. I asked the Lord what He was showing me.

"Watch," declares the Lord, "as I begin to breathe upon the USA. The flag of justice will fly high for all to see. Watch as 'strange' winds begin to blow through your nation. Think it not strange when you see these winds. These are the winds of My breath, breathing life upon My people and life back into the U.S. I shall establish them once again. They shall stand as pillars once again. I will not allow the enemy to overcome My people or the land I have given them.

"The earth will shake," says the Lord, "and the winds will blow. I am tearing down strongholds over the land and breathing fresh fire upon the land. Those who slumber shall awaken, and I will breathe upon them a fresh fire. I am breathing life upon the land. I am breathing life upon My people. I am breathing life upon the nation, and it shall rise once again. Watch for the 'strange' winds, and watch the flag of justice, for she will fly high for all to see." {eo}
