

Prophetic Warning on Diddy and the Cultural Demon

In the middle of the arrest frenzy of musical artist Sean “Diddy” Combs, prophetic voice Joseph Z is sharing a word he received from the Lord back in May of 2023 about the celebrity and his influence on culture.

“I’m seeing all of this stuff transpire. You’re seeing this picture with these guys and this cultural demon is raising its head,” Z says.

Using his white board with the words “culture demon” written on it, Z bracketed the word, saying that this word is related to a poisoning. He also points out there was something “off” about Diddy.

Back in March of this year, Z prophesied further in relation to this situation.

“The Spirit of the Lord is also bringing great strength breaking shackles. Let me tell you something, this P. Diddy narrative – false flag. It’s real, what’s going on, but it’s a false flag,” Z prophesied.

“I remember that broadcast. It was a very intense time, so I just started broadcasting because sometimes when I get the Word of the Lord and I’m praying I do my best to serve the body of Christ, to bring you real time prophetic journalism, things that will help you,” Z says. “You know in part, you prophesy in part, but I do believe they’re setting it up as a false flag narrative. I believe that’s the whole story here. It’s a false flag that they’re trying to build to bring

distraction.”

So, why would this be used as a distraction?

“All these roads lead back to the Epstein narrative,” Z said. “What we got to do is we got the ‘s a time where the rain will fall on the just and the unjust alike. And as the rain falls on the just and the unjust alike, you got to be ready to outrun your enemies in the rain...”

Z says that just as the Johnny Deep and Amber Heard trial was used to distract people in the middle of a midterm political cycle, this case with Diddy is also being used in a similar way.

“That was right there in the middle of a major midterm political cycle. That was right in the middle of many things that were happening around the world where these wicked elites were trying to get their way and do whatever they wanted, and here again we’re seeing this cycle where we’re picking our leaders, we’re going into it, and suddenly something else just comes out of the blue,” Z said.

Z points out that just as the darkness of heinous acts like Epstein Island were revealed, what is done in the dark cannot stay in the dark. Instead, the light of Christ shines and exposes the most wicked of things.

“I believe the Lord wants to show people what’s really going on, what’s really happening,” Z says.

2024 continues to be one of the strangest years we’ve seen, and we must stay in prayer with our full armor of God on.
