

Rabbi's 22-Year-Old Prophecy Predicts North Korea's Role in the End Times

A rabbi gave a speech in 1994, predicting North Korea's role in the end times.

"Do you know what will happen, God forbid?" Rabbi Levi Sa'adia Nachamanii says in a video dated Dec. 1, 1994. "Korea, do you know who is Korea? ... Not Syria, not Persia, not Babylon, not Qadafi."

Nachamanii accurately prophesied the Six-Day War in 1967 and the Yom Kippur War in 1973.

North Korea celebrated its anniversary Tuesday, marking the occasion with a massive artillery drill.

Does this mean we are close to what the rabbi prophesied?

Watch the video and decide for yourself.
