

READ: A Word for Charisma News App Users

You've probably noticed there are some things missing from our Charisma News app. For starters, there are no articles. That is because this version of the app is no longer supported.

Don't worry, there's a simple solution: Just go to the app store and click the "Update" button for Charisma News. (Click [here](#) for Apple or click [here](#) for Android.)

Once you do this quick process, you'll start getting trusted news and opinions on your smartphone immediately.

You don't need to delete the old app. Updating will do the trick.

If you have any questions or problems, please feel free to contact us and we'll be more than happy to help you through this transition.

Thanks for your patience through this process.
