

Shocking Signs Still Appearing at the Garden Tomb—2,000 Years After the Resurrection!

THE GARDEN TOMB, JERUSALEM, Israel – Jesus rising from the dead is the most celebrated miracle in Christianity. And in the Garden Tomb in eastern Jerusalem, the very place place many believe that wondrous event occurred, it seems that miracles and wonders still occur.

Scholars are divided on the exact location of the tomb, but the resurrection took place in the one here or one very similar to it. Workers at the Garden Tomb say miracles still occur here.

Cesar Fleitas is the head guide at the Garden Tomb. He told us what happened to a Romanian man who came to the tomb suffering from incredibly poor eyesight. The man walked into the tomb.

“He wanted to look at the symbol that is inside the tomb – the symbol of a cross that has the Greek letters –but he wasn’t able to make out the symbol very well,” Fleitas recalled. “So he removed his glasses and then all of a sudden, he was able to see perfectly.”

Fleitas continued, “All of a sudden, I can hear the man screaming inside the tomb, ‘I can see! I can see!’ Of course, he was speaking in Romanian. His pastor, who was standing nearby, he translated for me. He said, “He can see!”

Another miracle that took place involved a boy suffering from hydroencephalus, an abnormal and dangerous buildup of fluid deep in the brain. Every year, his family came from Ecuador to the Garden Tomb.

Giancarlo Rodriguez was that little boy two decades ago. Then, he was paralyzed from the waist down due to his disease.

Fleitas explained, "Twenty plus years ago, they came as a family. They brought the son inside the tomb. And as they were praying, they heard their son crying. The husband turned around to look back to see what was going on, and all of a sudden, they see their son standing there. And that was the miracle. The healing took place at that moment."

Before that healing, Giancarlo's sister had lost her faith.

Fleitas recounted, "She couldn't understand why God would allow such a thing to happen to her brother. But then after she saw the healing that God performed in her brother's body, that became the turning point in her life."

In an interview recorded with the Rodriguez family, Rodriguez's sister stated, "I simply want to say that Giancarlo is proof that God is real."

As for the entire family, Fleitas told us, "They're all involved in ministry, serving the Lord."
