

Sign of the End Times? Ancient Witchcraft Trend Growing Sharply in Popularity

Sales of tarot cards have risen sharply in the last year as self-proclaimed witches claim that divination and dark magic are effective in opposing President Trump. One end-of-days expert cites this as an illogical yet divinely guided step in setting the stage for the Messianic showdown in which the two sides, good and evil, are clearly defined.

The BBC published an article last week noting a 30-percent increase in sales in tarot cards last year, citing data collected by US Games Systems, a publisher of tarot games. Tarot may be a modern trend, but its roots are ancient, with some sources claiming the deck has its origins in the Book of Thoth, a legendary tome of Egyptian occult and idolatry. Based on four suits, tarot cards are similar to common playing cards but with some significant differences that serve its primary purpose: divination.
