

Signs Follow New Wave of Outreach to Jews in Tel Aviv

The Lord has been moving in an exciting way in Tiferet Yeshua congregation in Tel Aviv. In October, a couple of young adults initiated 40 days of fasting and prayer for spiritual awakening in the body in Israel that would lead to an awakening among our people.

A significant group committed to the fast. We have been gathering for prayer meetings, and the Lord has been answering us.

Several young adults, inspired by the sermons of Todd White and Torben Sondergaard, have started going out to the streets of Tel Aviv, praying for the sick and sharing about Yeshua according to Luke 10. They have come back with testimonies of healings and open hearts. Many from our congregation and other congregations in Tel Aviv have caught the fire and joined in.

For several weeks, groups of believers have gathered on the streets of Tel Aviv almost every day, sharing the gospel, praying for people and extending help to people in need. There is a WhatsApp group dedicated to this purpose, and it is growing as more believers are exposed to what the Lord is doing.

Even believers who were shy about their faith until now have started going out sharing their faith in the streets as well as in their places of work or study.

Please pray for this fire to grow in strength, for God's protection over this move of the Spirit and for love, humility and unity among us, as these are the ingredients that will defeat the plans of the enemy and advance God's kingdom.{eoa}
