

Terrorists Open Fire on John Hagee Ministries in Israel

One of eight ambulances donated by John Hagee ministries was attacked earlier this month by Palestinians.

Hagee Ministries had donated the ambulances through Heart to Heart, which works to save lives in Israel through paramedic, ambulance and blood-bank organizations.

Heart to Heart Director Jonathan Feldstein tells *Breaking Israel News* that through Hagee Ministries' donation, more than 30,000 lives have been saved.

Now, though, the organization is down two vehicles after attacks.

"This ambulance was donated with love and mutual interest to save lives in Israel by John Hagee Ministries," Feldstein says. "While Jews strive to save lives all over the world, our enemies put no restraints on whom they seek to harm."
