

These 2 Things Will Change the Course of America's History

We are on the verge of seeing God work wonders in our nation.

On Feb. 20, 2025, prophet Mike Thompson shared a powerful vision regarding America's future, emphasizing that the nation's destiny is tied to two key spiritual factors: honoring the covenantal promises established by our Founding Fathers and embracing the present outpouring of God's Spirit.

During a time of deep prayer, Thompson experienced a supernatural encounter in which he was lifted above the continental United States. As he looked down, he saw the radiant "rainbow glory of God" moving across the nation, signifying a divine presence bringing transformation and renewal. However, he also discerned that we must resist the fear that the enemy wants to try to trap us in.

"It's important for us to resist fear and intimidation, deception and subordination that would lead us into mediocrity," Thompson says.

The Lord then spoke clearly to him: America's future is tied to two things.

The first is an embracing of our covenantal foundation. Thompson emphasized that the U.S. Constitution, the Bill of Rights and other founding documents contain hidden spiritual truths—"jewels of the Word of God"—that make them alive in the spiritual realm. This echoes the prophetic warnings of George Washington who made it clear that if America ever turned from

God, the Lord would turn from America.

Second, Thompson highlighted the current outpouring of the Holy Spirit as a defining force in shaping America's future. The Lord is releasing a fresh wave of His presence—the "rainbow glory"—which Thompson identified as the authority of God's throne bringing about a shift in this season.

He called on believers to embrace this move, to run with God's vision and to exercise their authority by waging spiritual warfare from a heavenly perspective rather than being entangled in earthly struggles.

According to Thompson, the next four years will be a time of radical evangelism and supernatural prosperity, but only if the body of Christ rises to the occasion.

Thompson's message calls the church to recognize America's divine covenant and actively participate in the outpouring of God's Spirit. The future is not predetermined—it is shaped by how believers respond to this moment of spiritual urgency.
