

Tony Evans' Wife, Lois, Dies After Cancer Battle

Dr. Tony Evans' wife, Lois, died early this morning, Dec. 30, surrounded by family and loved ones.

"Just before the sun came up this morning, the love of my life, Lois Irene Evans, transitioned from earth and watched her first sunrise from heaven," her husband posted on Instagram. "I had the privilege of holding her hand as she was lulled into eternity."

He thanked all who prayed for his wife this year while she faced her battles with cancer.

"God answered our prayers this morning by relieving her of suffering. But the truth is, He has been answering our prayers all along. Lois lived beyond medical expectations, not once, but over and over again. God has been so kind to give us more time to make wonderful memories."
