Chris Reed on Rick Joyner Fallout: 'They Wanted to Bury Me'

Chris Reed is speaking out following Rick Joyner's message to MorningStar Ministries regarding Chris' resignation from the ministry.

After Chris Reed's departure from Morningstar, Joyner expressed frustration with Reed's absence from the ministry.

"I did not feel that there was a shepherd's heart revealed," Joyner said. "A shepherd lays down their life for the sheep and certainly has regard for them. I didn't quite feel like there was regard for me, for our board, any of this stuff that we had entrusted a lot to him. And I don't think to just quit like that is what we ever need to do with anyone, with no notice."

Kim Clement’s Stunning September Prophecy: ‘The Tide Is Turning’

In an Aug. 30, 2014 prophecy, Kim Clement prophesied about a September where a tide would be turning which would greatly affect Israel.

“Listen to the Word of the Lord. What do I have planned for September? What about Israel? What I’m about to tell you, says the Spirit, is not only for the land of Israel and the people of Israel, but this is for you, says the Lord,” Clement prophesied. “The tide is turning for Israel. The tide is turning for you.”

Clement’s prophecy further talked about something peculiar coming as we move into autumn where a great fall would take place. This goes right back to Clement’s prophecy about a “Strange July” and a “Hypnotic November” where he prophesied, “Is it that possibly the Spirit of God will cause many to fall in the fall?”

The ‘Ring of Fire’ Rosh Hashanah Eclipse Is Coming Soon

Why do solar eclipses keep falling on such noteworthy dates? In 2024, there will be a total of just two solar eclipses. The first happened on April 8th, 2024. That was known as the “Great American Eclipse of 2024,” and it occurred just after the sun had gone down in Israel and the first day of the first month on the Hebrew calendar had begun. The second solar eclipse of 2024 will take place on Oct. 2nd. When it occurs, the sun will have just gone down in Israel and the

festival of Rosh Hashanah will have just started.

I realize that this is a lot to process, and so let it sink in for a moment.

Is it just a coincidence that the first solar eclipse of 2024 just happened to fall on the very first day of the very first month on the Hebrew calendar, and the second solar eclipse of 2024 just happens to fall on the day that is celebrated as “the Jewish New Year”?

Joseph Z Exposes the Dark Side of Modern Prophecy

In the dynamic world of modern Christian ministry, prophecy remains one of the most powerful yet misunderstood spiritual gifts. To shed light on the true nature and purpose of prophecy, international prophetic voice Joseph Z recently joined Joni Lamb and her co-hosts on an episode of Table Talk on the Daystar Network. As the founder of Z Ministries and author of “Demystifying the Prophetic: Understanding the Voice of God for the Coming Days of Fire,” Z offers crucial insights on navigating the complexities and dangers within the prophetic landscape today.

Joseph Z explains this by distinguishing between the gift of prophecy, which he says is “available to all believers,” and the office of a prophet, a unique calling that carries specific responsibilities. “The gift of prophecy is for edification, exhortation and comfort,” he explains, referring to 1 Corinthians 14:3, “but the office of a prophet is governmental. It’s for equipping and building up the body of Christ.”

However, he warns of the dangers of what he calls “prophetic witchcraft,” a practice where individuals misuse the prophetic gift for manipulation or personal gain. “Prophetic witchcraft

occurs when people twist the words of God to control others," Z says. He adds that this behavior can deceive believers and lead them away from the truth. "People begin to rely on prophets more than they rely on Jesus or the Bible, and that's a problem."
