Hebrew New Year 5784: God's Kingdom Arising in the Year of Abundance

The kingdom is arising. On Rosh Hashanah, which is September 15 at sundown to September 17 at sundown, we enter into a new Hebrew year, 5784. We declare the King is coming!

These numbers stand for grace (5), perfection (7), new beginnings (8) and creation (4). I believe we are entering into a year in which the King is calling His kingdom to creative order and miracles in Christ. Watch as God takes you to next levels of order and creativity in the kingdom in the earth.□ □

Get ready to see God do some amazing things this year. Remember, the year 5783 was about the Resurrection, 5782 was about the double glory and 5781 was about opening our mouths in the decade of Pey (the 80's). "Pey" means to open your mouth and prophesy. You see, you prophesied the beginning, you prophesied double, you prophesied the Resurrection and now you now are stepping into the place of creative miracles and creative order in the power of kingdom. Yes! You are going to see some amazing, creative miracles happening this upcoming year. If miracles are to arise, then creative order is evident. The church is going to step into the abundance of the kingdom.

Supernatural Signs: Solar Eclipses Converge Over 'The Empty Cross' in Texas

In our current era, remarkable events are unfolding, alluding to the imminent fulfillment of biblical prophecies, including the rapture of the church (1 Thess. 4:16) and the return of Christ in judgment (Rev. 19:11).

Bible scholars widely acknowledge that a multitude of signs have come to pass, causing both concern and anticipation as we witness the rapid advance of evil against God's children, including Jews and Christians.

History bears witness to the rebirth of Israel as a nation on May 14, 1948, precisely as foretold in Isaiah 66:8. Jesus is anticipated to return as the conquering King, riding a white horse, prepared to wage war against those who have rejected His love and persecuted His followers (Ps. 9:8). This event, described as the "great and terrible day of the Lord," (Joel 2:31), will reveal a stern countenance, with "fire in His eyes," (Rev. 2:8).

Take Ownership of This and Receive a Greater Reward in Heaven

Evangelist Kevin Zada says that Satan was once the epitome of holiness, and that no one understands holiness more than the devil himself.

That is why, he says, Satan fights every day to keep believers from living a consecrated life of holiness, a life that sets them apart for God and apart from the evilness of this world. He wants to keep believers from the holy fire that will empower them to overthrow him and his demons.

"He fights God, he fights the saints in this whole thing about

holiness,” Zadai says. “It’s because he knows what power there is in setting yourself apart for God, so he fights people not to be separate and to not live a holy life.”

A Shaking So Strong Is Coming It Will Rock the Foundations of the Church

Zuly Garcia, co-founder of Father’s Glory International with her husband, Chris Garcia, says God recently spoke a prophetic word to her that will shake the foundations of the church body at large.

“There is a shaking coming to the church that is so strong that only those who have their eyes fixed on Jesus will be able to stand,” Zuly says. “It’s necessary for the shaking that is getting ready to take place because the Lord needs His bride to be focused.

“So, please, keep your eyes focused on Jesus. I literally saw our feet being planted in firm foundation, like concrete when it is settling and its wet and then it dries. Our feet were solid in Him and we were focused on Him. I saw our eyes fixed on Him.

Presidential Candidates Highlight Faith as Key to America’s Future

Nikki Haley, former South Carolina governor and 2024 Republican presidential candidate, recently emphasized the need for the United States to embrace its foundational faith during a campaign event in Iowa. Speaking at the Iowa Faith & Freedom Coalition Town Hall, Haley stressed the importance of these principles in revitalizing American society.

Haley expressed her concern, saying, “That’s what is wrong with our country. We’ve lost that faith in God, faith in the American people, faith in our spirit.” She believes that the

decline in these values has had a detrimental impact on the nation.

Speaking about the importance of faith, family and personal responsibility, Haley praised the opportunity for parents to instill these virtues in their children. She emphasized the role of faith in shaping individuals and society as a whole, saying, "We're going to keep talking about that because we have a country to save, and we can't do it without faith."
