

WARNING to iPHONE USERS: Update Charisma News App Now or Miss Breaking News

We previously sent out a letter to inform you about changes to our Charisma News app and promised to keep you up to date as we move through this transition.

Here's the latest: All iPhone users should immediately go to the iTunes app store to update the Charisma News app. As you know, it's quick and easy. Just [click here](#) and we'll take you directly to our app in the app store.

This is important because until you update the Charisma News app, you will no longer receive new news stories or breaking news. You do not need to uninstall the app. Simply update it.

Android users, you don't need to do anything at this point. The Android app is still delivering current news stories and breaking news to your smartphones. We will alert you when it is time for you to update.
