

Warning: Will Europe's Unity Lead to End Times Disaster?

Could we actually see a "united Europe" in the future?

Tomi Arayomi detailed a prophetic message the Lord gave him about the state of Europe and how it could potentially affect America and the entire globe.

Arayomi's prophetic insight speaks of plans underway in Brussels to create a "United States of Europe," a bloc that could rival the U.S. economically, politically and militarily. However, this ambitious vision, driven by European powers, is seen not as divinely inspired but as part of a larger spiritual deception that may lead to confusion, division and judgment.

"The Lord says, 'Watch as Brussels begins to plan but not by Me,'" Arayomi prophesies. "There will be talk and people will say, 'Is this the new United States of Europe?'"

The prophetic vision paints a picture of a growing rhetoric that supports a "European Union vs. America" narrative, leading to a dangerous standoff that threatens global stability.

Arayomi compares Europe's efforts to unite under a single banner as similar to the Tower of Babel—a futile attempt to defy God's will. The European Union's growing desire for unity is not seen as a divine endeavor but as a rejection of biblical values, particularly in areas of morality and law. Issues such as the promotion of sexual immorality and the

pushing of laws that grieve the heart of God are seen as the driving force behind this attempt to form a new, secular power structure.

“The Lord says, ‘They will be to me as the Tower of Babel that gather themselves together,’” Arayomi prophesies. “And I will say to them, ‘confusion.’”

This prophetic message is clear: these plans are not of God’s design. If Europe pursues a united bloc, it will be like an act of human defiance, an ambition that will ultimately lead to confusion and collapse.

So, what should Christians do about this prophetic warning?

The church is called to rise up in prayer and action to thwart these destructive plans. By standing firm in faith, we have the ultimate key to overturning these strategies before they develop in the natural. The only way to fight the spiritual development of this case is through unified prayer, standing in the gap to influence the course of history and ensure that God’s divine purpose prevails over the agendas of man.
