

WATCH: Darren Wilson's New 'Holy Ghost' Trailer Will Give You Goosebumps

Darren Wilson has unveiled the first trailer for his newest documentary *Holy Ghost*, a direct followup to the acclaimed trilogy of *Finger of God*, *Furious Love* and *Father of Lights*.

Whatever you believe about the Holy Spirit, you're more than likely to feel a little uncomfortable, as Wilson's films are noted for pushing viewers out of the theological box.

What will set the film apart for Wilson's prior successes? Watch and decide for yourself. (Warning: this video might give even the most strident cessationist some goosebumps.)
