

WATCH: Spirit of Islam Revealed as Imam Calls for Prophet Mohammed Cartoon Contest Holder Pam Geller's Head

Radical Islamist Imam Anjem Choudary is spewing his demonic hate against the organizer of the Mohammad Cartoon Contest, which was attacked by armed gunmen earlier this week.

On his Fox program, Sean Hannity invites both the imam and contest sponsor Pamela Geller, who has received multiple death threats from jihadists, to tell their respective stories.

"She's asking people to draw cartoons to insult the prophet knowing full well that this carries the death penalty in Islam," Choudary says. "So definitely, she's asking people to attack her."

But his vitriolic rhetoric gets worse.

Watch the video and sound off on how anyone could call this a religion of peace.
