

WATCH: The Economic Warning Signs of Destruction Are Right Before Our Eyes

Burning oil fields, smaller holocausts, the destruction of the World Trade Center 14 years ago—it all points to an American economic downfall.

Or so says author John Shorey on the Jim Bakker Show. Shorey is deep-diving into what he calls the “lost prophecies” of David Wilkerson, which are seemingly lining up with the economic Shemitah in September.

“I shared this with a friend of David Wilkerson, who agreed that this is what David was seeing, even if he didn’t know what he was seeing,” Shorey says.

Take a look.
