

What the Bible Says About the Zika Virus

Millions stand in the line of fire of the Zika virus, an explosive mosquito-borne disease that has the power to alter world population.

Experts consider the virus especially horrific for pre-born children, who once infected, could be born with “no foreheads and very strange heads.”

International governments are pleading with couples to avoid pregnancy for the foreseeable future in a move that could fall under Revelation’s fourth seal.

“When He opened the fourth seal, I heard the voice of the fourth living creature say, ‘Come!’” Revelation 6 prophesies.

“So I looked, and there was a pale horse, and the name of him who sat on it was Death, and Hades followed him. Power over a fourth of the earth was given to them, to kill with sword, with hunger, with death, and by the beasts of the earth,” the passage continues.
