

What You Need to Know About Economic Death Omens

The Shemitah is here. The Super Blood Moon is coming soon. Prophets are alerted. Even secular outlets like the *Telegraph* are reporting about potential doomsday scenarios. It certainly seems like God is setting the stage to do something big this month.

Jim Bakker asks the question that's on everyone's mind: "What in the world is going to happen this year?"

Rick Wiles believes whatever is coming has something to do with a mysterious phenomenon known as death omens. He says, "Every time that there is a crash, it's been preceded by a death omen."
