

Wife of Legendary Christian Rocker Oz Fox Announces Major Turn of Events After Husband's Seizure

Annie Lobert, wife of legendary rocker Oz Fox, says her husband was released from the hospital after a major turn of events.

Fox was hospitalized following a seizure on stage Sunday.

MRI scans revealed the Stryper guitarist had two masses on his head, including one by his ear and one on the back of his brain.

People poured in prayers from around the globe through social media.

Lobert kept fans updated with social media posts throughout the week.
