

Snake Cut in Half? Kathryn Krick Shares Miraculous Moment That Left Her in Awe

God truly has given us the authority to trample snakes and scorpions, both in the spiritual and natural realm.

What began for Apostle Kathryn Krick as a normal jog on a nature trail turned into a powerful prophetic moment after an unexpected up-close-and-personal encounter with a snake.

“I’m literally running down the trail and I trample on a snake,” Krick said. “Oh my gosh, I literally was running and I literally trampled on a scorpion. Are You kidding me, Jesus? Whoa!

“This is half of a snake. This is literally half of a snake. It’s literally cut in half. This is insane. I am in awe,” Krick said. And in a miraculous way, it provided the confirmation about what the Bible says in regards to our authority over these beasts.
