

26 Days Before Easter: 'Who Touched Me?'

In Luke chapter 8, the story is told of a woman "having a hemorrhage" for 12 years that could not be healed by physicians. The woman thought to herself that if she only touched the fringe of Jesus' garment, she would be healed.

Of course, she was. Jesus told her, "Daughter, be of good cheer. Your faith has made you well. Go in peace."

In this video devotional, Christian pastor and author Jamie Buckingham tells us that, if we are sick, suffering or hurting, we too can be healed if we simply reach out in prayer and "touch the hem of Jesus' garment." Today, He is still healing those who touch Him with their hearts.
