

# **‘A Woe Is Coming’: Amanda Grace Issues Chilling Prophetic Warning of National Reckoning**

Is something dark coming to Canada?

In a prophetic warning, Amanda Grace declared that North America is in for a dramatic shift.

“In January, says the Lord, a very large, windy turn shall be entered in the United States, Canada and Mexico,” Grace prophesied.

In particular, Grace pointed to Canada being judged for its previous actions.

“The leadership of Canada is about to be hit with a woe for the shedding of innocent blood, says the Lord,” she said. “A woe that will cause an outcry in the nation. A woe that will expose the dark deals made with principalities and the nations they gatekeep for, says the Lord.”

Grace then pointed out the specific actions that have taken place in Canada that are bringing them this destruction: The selling of innocent lives.

“Selling the lives of their own people for security,” Grace prophesies. “That deal and its inner workings shall be exposed this coming year, says the Lord.”

Could this point back to Canada’s notorious assisted suicide and quiet organ harvesting programs? We will have to wait and

see how the events unfold.

However, Canada alone is not the only nation that will experience justice. Grace noted that, “Trump has even addressed now the president of Mexico, putting her on notice as well after Maduro.”

As Grace’s warning suggests, the question facing Canada is not merely political but moral—whether hidden decisions made in the name of security, progress or compassion will withstand the light of exposure.

If these prophetic words bear fruit, the coming season may reveal truths long kept in the shadows, forcing a national reckoning and an outcry that cannot be silenced. For now, the warning stands: justice, once set in motion, does not stop at borders, and what has been done in secret will ultimately be brought into the open.
