

Gabe Poirot: The Spiritual Battles We Could See in 2025

In an exclusive interview with Charisma Media, prophetic voice Gabe Poirot discussed the types of spiritual battles he believes we will see in 2025.

Poirot believes that what we saw at the end of 2024 with the invasion of the drones in particular is a small glimpse of the psychological, spiritual and physical warfare that will come against us in this new year.

“What I see over 2025, I see the body of Christ has woken up, and in November we said, ‘Not this time,’” Poirot says. “We remembered what had happened in 2020. We remembered how we had stayed silent for far too long, and I’m really convinced we took the stand that was necessary. However, in 2025 it’s going to take the action of our faith. “
