

Holy Spirit Sweeps Across Reinhard Bonnke Crusade

We truly experienced a move of the Holy Spirit this weekend! Our Reinhard Bonnke Gospel Crusade in Greensboro, North Carolina, has just finished, and once again we saw hundreds of churches join together across denominational lines to rally around the foot of the cross.

Over the two nights, nearly 15,000 people joined together in prayer and worship and were touched by the Word of the Lord. Each night, hundreds of people streamed to the altars to make a decision to follow Jesus as Savior after hearing the red-hot gospel message preached by evangelist Reinhard Bonnke. What a joy to see so many people move from darkness into light! Our team is busy even now working to connect these precious people into the participating local churches for follow-up and discipleship.

On Saturday night, power from on high was on full display as evangelist Daniel Kolenda prayed for every person in attendance to be filled with the Holy Spirit. Many testified of being healed instantly during times of healing prayer.

God truly is moving across America. Thank you tremendously for praying and standing with us as we believe and endeavor for America to be saved. Your continued support is so appreciated as we prepare for our next gospel crusade in the city of Houston on Feb. 20-21.
