

How Understanding Her Identity as a Child of God Brought Supernatural Healing

The presence of God was strong in the healing conference. People were being healed on my left and right. Then I spotted her. She was a woman in her 40s in the midst of worshipping. Though she worshipped with sincerity, there seemed to be a burden upon her. I went to her and gently asked if we could pray. She told me that she suffered from trismus or lockjaw. She seemed desperate, and I assured her Jesus would hear and answer our prayer.

I asked her what her name was, but as she answered, I felt the Holy Spirit prompt me to tell her, "Your name is 'daughter of God!'" She looked at me a bit strangely at first, but I encouraged her to declare that her name was "daughter of God." I could see the Spirit moving upon her as she began to say, "My name is "daughter of God." I told her to remember that she is a princess of the King and an heir of the riches of Christ. I helped her to remember that all the blessings promised through Christ are "yes and amen!" Her countenance changed, and I knew she was ready to receive!

I laid my hands upon her head as she raised her arms to the heavens. I commanded her physical ailment to leave in the name of Jesus, and upon that prayer, she moved her jaw with no problem at all. The Lord had completely and instantaneously healed her!

Get ready to receive your healing by knowing your identity. It will enable you to receive all God has died for you to receive. All the promises of God are "yes and amen" in Christ Jesus. Remember who you are and whose you are! You are rich in Jesus, and your cup runs over. You are not a rejected

prodigal. You are an accepted child of God who is restored with a robe, a ring, sandals and a fatted calf.
